How to add your Yum-Raiser Storefront Link to your Instagram Bio

Step 1: Open Instagram

Open the Instagram app on your smartphone. Make sure you're logged in to the account you want to add the link to.

Step 2: Go to Your Profile

Tap on the profile icon located at the bottom right corner of the screen. This will take you to your Instagram profile.

Step 3: Edit Profile

On your profile page, tap on the "Edit Profile" button just below your profile picture.

Step 4: Add Your Link

In the "Edit Profile" section, you'll find various fields you can edit. Tap on the "Website" field — this is where you'll add your link.

Step 5: Enter the Link

A pop-up will appear where you can enter your link. Type or paste the full link (including "http://" or "https://") to the website or page you want to link to. Double-check that the link is correct.

Step 6: Save Your Changes

After entering the link, tap the "Done" button (or equivalent, depending on your device) to save your changes.

Step 7: Verify the Link

Once you've saved the link, go back to your profile by tapping the back arrow or profile icon. The link should now be visible just below your bio.

Step 8: Make It Clickable

Instagram doesn't allow clickable links in photo captions or comments, so users will need to click on your profile link to access it. You can direct them to your bio by mentioning the link in your captions or stories.
